

# YANN GOFFETTE

Project Manager – Senior business analyst

## PROFILE

I'm working for more than 10 y in the consulting and IT implementation sector especially in the Real Estate Sector.

I am working in direct and close collaboration with business users and management for setting up transversal solutions.

I'm appreciated for my role of intermediary between the business and the IT

Thanks to my knowledge in both of field, I am able to build bridge between the different actors and always find solutions.
